

GEN. GORDON,

The Noted Ex-Confederate Commander at Pittsburgh.

He Appeared Before the Members of the Union Veteran Legion.

The General Spoke Eloquently of the American Flag, and Pledged the South to Its Defense—He Addressed the Soldiers as Comrades and Countrymen.

PITTSBURGH, Sept. 12.—Well on to midnight that which to the members of the Union Veteran Legion attending the encampment and the Pittsburgh members of the organization was perhaps the most remarkable scene witnessed since the close of the rebellion took place when Gen. John B. Gordon, one of the leading commanders of the confederate army, appeared before a vast number of federal soldiers and raised his voice for the obliteration of sectionalism and a united America. To say that the old union soldiers were responsive to Senator Gordon's plea, gives no adequate idea of the reciprocal feeling manifested by the thunderous cheers and hearty hand grasps with which the ex-confederate general was received.

It was the regular meeting night of the Union Veteran Legion, and the hall was thronged. Gen. Gordon was the first member of the confederate army to ever enter the hall. The great crowd gave three very hearty cheers. Gen. A. L. Pearson in happy remarks introduced the rebel general, whom many present had "met" at the surrender of Appomattox.

Gen. Gordon said: "I and all right-thinking men of any section will always admire men who fought."

Turning to the Union flags which profusely covered the speakers' stand, he delivered a very eloquent apostrophe, pledging his devotion and that of the ex-confederates of the south to that banner and all that it symbolizes. He addressed the soldiers as comrades and countrymen, and every time the general in his calm, deliberate tones, used these endearing terms the audience was visibly affected.

At the end of the eloquent address three tremendous cheers were given.

Corporal Tanner responded in an address of no less fervid eloquence, pledging the respect and admiration of all union soldiers who fought and suffered for the loyal, patriotic men and soldiers represented by Gen. Gordon. Corporal Tanner's remarks were delivered most earnestly and eloquently, seated in a chair, the recent amputation of his limbs preventing him from standing on his feet.

BREWER'S SON SHOT.

He Tried to Rob a Barkeeper, Who Was Too Quick for Him.

CHICAGO, Sept. 12.—Thomas Cantwell, son of Thomas Cantwell, president of the Eagle Brewing Co., was shot and instantly killed at 2 o'clock Tuesday morning by Thos. Morgan, a bartender at a saloon on State street. Cantwell and two other men, whose names are not known and who escaped, entered the saloon as the bartender was counting the proceeds of the day's sales and demanded the money. Cantwell was in advance of the others and covered the bartender with a revolver, at the same time telling him to hand over the money. Morgan hesitated, and one of the men went behind the bar to help enforce the demand. Morgan, who is an expugnant, quickly dodged behind the bar, seized a revolver and blazed away at Cantwell. The shot struck him over the right ear and killed him instantly. He fell to the floor of the saloon, while his two companions, without waiting to secure the money, fled from the room, Morgan sending a shot after them which did not take effect. The reports of the revolver attracted the attention of officers, who arrested Morgan and locked him up at the station, awaiting further developments.

The Free Alcohol Question.
WASHINGTON, Sept. 12.—Great pressure continues on the secretary of the treasury and the commissioner of internal revenue for a decision as to whether any regulations will be made looking to the enforcement of that clause in the new tariff bill providing for free alcohol for use in the arts and in medical preparations. A committee of the National Association of Druggists are at present engaged in the formulation of some tentative regulations which will be submitted to Secretary Carlisle Thursday next.

His Child Was Dying.
BRAZIL, Ind., Sept. 12.—Peter Fay, a pugilist of this city, and Harry O'Connor, of Coal Bluff, who claims the middle-weight championship of the state, met in a ring near the latter's home Monday night, to contest for a purse and gate receipts. A large crowd of sports were present, and everything was in readiness for the mill, when a physician appeared with a note and handed it to O'Connor, informing him that his child was dying. The pugilist broke down and wept. The fight was declared off.

Sorg Willing to Run for Congress.
WASHINGTON, D. C., Sept. 12.—A letter dated at Lakewood, N.Y., has been received in this city from Paul J. Sorg, in which he disclaims that he has written anybody, either at Hamilton or elsewhere, that he did not intend to again make the congressional race. Mr. Sorg, if he is nominated, will run, and until recent telegrams from Hamilton appeared it never entered his head that he was not to run.

Coke Operators to Combine.
CHATTANOOGA, Tenn., Sept. 12.—The Tradesman has information that twenty coke operators in the Pocahontas field of West Virginia have formed a company to be known as the Flat Top United Coke Co., of Bramwell, W. Va., and nearly all the other operators in the field will join, thus practically controlling the entire product, which exceeds 1,000,000 tons annually.

HIS ULTIMATUM.

Peter Jackson Will Not Sign to Fight Before the Sioux City Club.

CHICAGO, Ill., Sept. 12.—Peter Jackson was seen Tuesday at the Briggs house, where he was awaiting the coming of Edward Lloyd Webster, of the Sioux City Athletic club, who had wired that he would arrive Tuesday morning with the articles of agreement which had been signed by Corbett.

Regarding the articles submitted by the Iowa club, Jackson said:

"The idea of bringing off a fight of this class on a barge is nonsense. It might do for minor fighters, but if we went about it the militia of Iowa, Nebraska and South Dakota would be massed along the Missouri! The alleged promoters have no more desire than I have to become outlaws! I am not satisfied with the articles of agreement, and will state my objections further to Webster."

"He can not argue me out of a position which I think is right from my point of view. The time set for the fight is too far ahead. Forfeit money should be the same on both sides, the exact place for the contest should be stated, and the articles are faulty in other respects."

"Perhaps, if the truth were known about the proposition, it would be found that Corbett or Brady prompted it. It is part of a plan to put Corbett in the position of being desirous of a fight and at the same time leaving me in the position of declining one. It looks insincere on the face of it, and I will not be used to further the projects of Corbett."

CANADIAN LUMBER FREE.

Secretary Carlisle Makes a Decision of Interest to Lumbermen.

WASHINGTON, Sept. 12.—Secretary Carlisle decided Tuesday in a letter addressed to the collector of customs at New York, that the "reciprocity" condition attached by the new tariff bill to the provision for the free admission of lumber, did not apply to the Dominion of Canada. The letter says: "Referring to paragraph 683 of the act of August 23, 1894, which provides that when articles of wood mentioned in the free list of said act or imported from any country which lays an export duty or imposes discriminating stumpage dues on any of them, they shall be subject to the duties existing prior to the passage of said act, I have to inform you that this department is officially advised that there are no export duties on the articles in question when brought from Canada, and that no discriminating stumpage dues are imposed by the Dominion government. Such importations will, therefore, be entitled to free entry."

STANFORD'S MILLIONS

Will Soon Be Used to Extend the University Buildings.

SAN FRANCISCO, Sept. 12.—All claims against the Stanford estate, save that of the government, have been paid by Mrs. Stanford. She is now anxious for a distribution of the estate, so she may secure personal control of the millions of which she is now executrix. As soon as the distribution is ordered she will begin operations in a new field. Then, under her personal supervision, the erection of \$500,000 worth of buildings and the early expansion of the university to three times its present magnitude will be begun. The only claim of importance unsettled is the \$15,000,000 claim which Attorney General Olney has presented on behalf of the government to Mrs. Stanford as executrix. The suit is an annoyance to Mrs. Stanford, because so long as it is unsettled it will prevent her spending a dollar of the estate in behalf of the university. This claim the executrix has repudiated.

HANGMAN CHEATED.

A Jerseyman Finds an Altogether New Way to Do It.

NEW BRUNSWICK, N. J., Sept. 12.—James Van Hise, the New Jersey hangman, was a very angry man when he went to the office of Sheriff Toffey, in Jersey City, to collect his fee of \$250 for hanging Altenberger, the murderer of Katie Rupp. He found an attachment in the sheriff's hands for \$175, secured on an order of the supreme court, to satisfy an old debt of \$125 which he owed Joseph Grover, of this city. Eighteen years ago Mr. Grover endorsed a note for \$125 for Van Hise. The note went to protest, but Mr. Grover could not induce Van Hise to settle. Mr. Grover sued and secured a judgment seventeen years ago. Ex-Judge Charles T. Cowenhoven took the papers in the case and made an attachment on the fee due Van Hise. Mr. Grover got principal and interest.

A TREATY.

Japanese and Koreans Enter Into an Agreement.

Object of the Alliance to Strengthen the Independence of Korea.

And to Promote the Mutual Interests of Both Japan and Korea by Compelling the Chinese Forces to Withdraw From the Latter Country.

WASHINGTON, Sept. 12.—A telegram was received at the Japanese legation Tuesday morning to the effect that an important treaty has been negotiated between Korea and Japan, which authoritatively defines the relations of the two countries toward each other and toward China.

The object of the treaty is stated in the preamble to be the desire on the part of the emperor of Japan and the king of Korea to definitely fix and determine the attitude of each country to the other, with a view of clearly elucidating the existing relations between Japan and China, which have been created by the request, which the Korean government has made of the Japanese government, to compel the Chinese to evacuate Korea. To secure accomplishment of this object, this treaty of alliance between the two countries was signed at Seoul, on the 26th day of August, by M. Oteri, the envoy of Japan, and the Korean minister of foreign affairs. The treaty consists of three articles.

Article 1 defines the object of the alliance to be the strengthening and perpetuation of the independence of Korea as an autonomous state, and the promotion of the mutual interests of Korea and Japan by compelling the Chinese forces to withdraw from Korea, and by obliging China to abandon her claim of the right to dominate the affairs of Korea.

Article 2 binds the Japanese government to carry on warlike operations against China, both offensive and defensive. The Korean government is bound by the article to afford the Japanese forces every possible facility in their movements, and to furnish them with supplies and provisions at a fair remuneration, as far as such supplies are needed.

By Article 3, it is provided that the treaty shall terminate as soon as a treaty of peace shall have been concluded by China and Japan.

Gen. Ezeta's Case.

SAN FRANCISCO, Sept. 12.—When the Ezeta case was resumed before United States District Judge Morrow Tuesday, argument was begun. Counsel for the Salvadoran government first entered a formal demurrer to the plea of jurisdiction, which was sustained. Friends of the refugees are already calculating on the future movements of Ezeta and his companions. It is believed they will start a revolution against the existing government within six months. They are said to have a large amount of munitions of war remaining from their late campaign, which material will be available should they need it.

COLUMBUS, O., Sept. 12.—John Harrison, colored, a Hamilton county prisoner, made a successful attempt at suicide at the penitentiary Tuesday night. He formed a rope of his bed sheet, fastened it to a hook in the wall by which the cot is held up during the day, and then placed his head in the noose. When found he was dead.

Stallion Logan Stolen.

NEW YORK, Sept. 12.—The racing stable of Alexander Shields, on the outskirts of Bound Brook, N. J., was broken into and the bay stallion Logan was stolen. Mr. Shields recently refused \$15,000 for him. The stallion had no plates on his feet, and the frog of his hoofs could easily be traced in the muddy earth for ten miles.

Why Dewey is a Candidate.

NEW YORK, Sept. 12.—The secret of the Dewey movement is said to be out. The sponsor is Whitlaw Reid, who would like to defeat Mr. Morton. It is a combination like that at Minneapolis in 1892, which resulted in the substitution of Whitlaw Reid for Mr. Morton on the presidential ticket with Harrison.

Stage Robbed.

PHOENIX, Ariz., Sept. 12.—Word has been received here that a stage was held up seven miles south of Congress by two masked highwaymen. Six passengers were in the coach. They were relieved of all their valuables, the bandits securing \$500 in coin. Officers are in pursuit of the robbers.
